(469) 668 - 8728
Plano, Texas 75075
chrisbjones1987@yahoo.com

Former **Veterinary Technician** turned **IT Support Specialist** with **15+** years of experience dealing directly with customers in high pressure situations.

PROFESSIONAL SUMMARY

Highly motivated and results-oriented IT Support Specialist with a proven ability to provide exceptional technical assistance to end-users. Strong analytical and problem-solving skills enable efficient troubleshooting of hardware, software, and network issues related to PCs, printers, and other devices. Proven experience in user account management, remote support, and equipment inventory management. Eager to contribute to a dynamic team environment and deliver high-quality IT support services to a healthcare organization.

PROFESSIONAL EXPERIENCE

FRONT END DEVELOPER

BeeDev Services

June 2023 - Present

An early-stage startup born from a developer community group, providing low-cost web application services to small businesses.

Significant Projects

- Developed a scalable, user-centric e-commerce platform template, '4 Sale,' using Next.js and Django. Focused on optimizing product discoverability while crafting clean, modular code designed for high reusability and effortless customization to suit diverse client requirements.
- Created and deployed a user-friendly Git tutorial section for an educational coding platform, 'Code Buzz Helpers', combining clear, accessible explanations with intuitive design to improve student engagement and comprehension.
- Designed and implemented Discord bots for automation, focusing on intuitive user interaction to streamline instructor processes for Discord-based student forum.

CO-FOUNDER

Luxe Pets

June 2018 - Present

A mobile pet care company that provides grooming, routine health support, pet-sitting, and personalized care directly to your home.

- Maintained multiple weekly appointments, demonstrating consistent client satisfaction and trust. Built strong relationships with clients and their pets by delivering empathetic and attentive care.

FRONT DESK SERVICES - VALET/GREETER

Mercedes-Benz of Plano

June 2018 - June 2020

Mercedes-Benz of Plano is a dealership that stocks one of the largest inventories of Mercedes-Benz across the United States.

- Reduced time taken to locate serviced cars by up to 50 minutes per day through implementation of tracking system, demonstrating proactive problem-solving and effective communication skills. Established rapport with co-workers to ensure adherence to procedures, fostering a collaborative and supportive work environment.

VETERINARY TECHNICIAN

Canyon Creek Animal Clinic

June 2015 - June 2018

Preston Royal Animal Clinic

June 2013 - June 2015

Preston Royal and Canyon Creek Animal Clinics are now a part of the nationwide Thrive Pet Healthcare veterinary network.

- Led opening of the newly acquired Canyon Creek Animal, emphasizing empathetic and attentive client care to retain existing customers during transition period. Sole technician for many months, supporting veterinarians, and helping to build a stronger and larger staff base.
- Selected to onboard new veterinarians at Preston Royal Animal Clinic, showcasing expertise in equipment and procedures, along with the ability to communicate technical concepts clearly.

VETERINARY TECHNICIAN

Parker Animal & Bird Clinic

June 2009 - June 2013

Parker Animal & Bird Clinic is a low-cost, high volume clinic with a large staff including veterinarians, veterinary technicians, and kennel technicians that can serve up to 100 new clients daily.

- Provided compassionate support during euthanasia procedures, demonstrating exceptional empathy and communication skills. Recognized for providing a calm environment and attitude in emotionally charged situations.
- Adapted to various roles within the clinic to ensure well-rounded patient care, seamlessly moving between departments to meet the clinics' needs and support team members. Recognized for versatility and a comprehensive understanding of clinic operations.
