PERSONAL SUMMARY

Experienced front-end web developer and skilled in implementing back-end functionality.. Possess strong collaborative abilities, having worked on web applications and algorithms in team settings, with adaptability to both independent and remote work environments. Background in the veterinary field, successfully transitioning into software development through Coding Dojo and TEKCamp bootcamps, along with Code Zero Alumni. Committed to continuous learning and skill development, actively engaged in creating innovative projects.

DEVELOPER SKILLS

LANGUAGES:	JavaScript, Python, Ruby, HTML, CSS	DATABASES:	SQLite, MySQL, MongoDB
FRAMEWORKS:	Flask, Django, Angular, Rails, Next.js	TOOLS:	Git, GitHub, VS Code, IntelliJ

SOFTWARE PROJECTS

Code Zero Project - 4 Sale

TechStack: HTML, Next.js, Django, Python

GitHub Repository | **Visit Site**

Full Stack E-Commerce Web Application

- Worked in a team to design and deploy an e-commerce application. Using a Trello board we divided up the workload, kept in contact with Slack, and managed our code with a GitHub Organization.
- Built application using Next.js for the front-end, Django for the back-end, and utilized the SQLite database that comes packaged in the Django framework.

Code Buzz Helpers

TechStack: HTML, CSS, JavaScript

Visit Site

Free Educational Resource Application

- Worked remotely with a team on a deployed web application to add educational resources.
- Used operating procedures designated by our team lead which included the use of branches and git version control with GitHub.

Front End Mentor Projects

TechStack: HTML, CSS, JavaScript

GitHub Repository | **Visit Site**

Collection of Projects Demonstrating Front End Skills

- Worked independently to create an application where I could display multiple front end projects that showcase some of my skills.
